*A Virtuous Woman*

To be a woman of high moral standing is a choice. Your beauty transcends your bodily appearance. It is the inner beauty, the hidden person of the heart that God favors. Biblical beauty and womanhood is a byproduct of a woman's quest to glorify God in all things. You have the grace to be godly. You are the good God created to help; to endure; to adapt; to soar. You are God's masterpiece. You are priceless.
